

Silviculture, Yarding & Operations

Section 31, T17N, R10E, MDB&M - Nevada County, California

LEGEND

- THP plan area boundary
- Harvest units
- Commercial Thin - tractor yarding
- Selection - cable yarding
- Proposed landings
- Watercourse crossings (existing)
- Roads (OSM)
- State highway
- County road
- Existing local / ranch road
- Existing logging / seasonal road
- Watercourses (NHD)
- Class I
- Class II
- Class III
- Watercourse protection zones
- Class I WLPZ (75-150 ft)
- Class II WLPZ (50-100 ft)
- Class III ELZ (25-50 ft)

NOTES

Silviculture: Commercial Thin (14 CCR 913.3) on tractor ground < 50 % slope, 429 ac in 4 units; Selection (913.2) with cable yarding on slopes > 50 %, 105 ac in 3 units.

No timber operations within Class I/II WLPZ except as allowed under 916.4; Class III ELZ - no heavy equipment.

Landings L1-L6 are proposed on existing roads at ridge-top locations outside all protection zones. Existing roads only; no new road construction proposed. Season of operation: dry season (May 1 - Oct 15) with winter period restrictions.
